

RESOLUTION NO. 2022-15

A RESOLUTION OF THE PLANNING COMMISSION  
OF THE CITY OF NATIONAL CITY, CALIFORNIA  
APPROVING A CONDITIONAL USE PERMIT FOR THE OPERATION OF A  
TOBACCO SPECIALTY BUSINESS (MR. V SMOKE SHOP)  
LOCATED AT 120 NATIONAL CITY BLVD.  
CASE FILE NO. 2022-14 CUP  
APN: 555-020-14

WHEREAS, the Planning Commission of the City of National City considered a Conditional Use Permit for a tobacco specialty business in an existing commercial suite (Mr. V Smoke Shop) located at 120 National City Blvd. at a duly advertised public hearing held on July 18, 2022, at which time oral and documentary evidence was presented; and,

WHEREAS, at said public hearings the Planning Commission considered the staff report contained in Case File No. 2022-14 CUP maintained by the City and incorporated herein by reference along with evidence and testimony at said hearing; and,

WHEREAS, this action is taken pursuant to all applicable procedures required by State law and City law.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of National City, California, that the testimony and evidence presented to the Planning Commission at the public hearing held on July 18, 2022, support the following findings:

1. The proposed use is allowable within the applicable zoning district pursuant to a Conditional Use Permit and complies with all other applicable provisions of the Land Use Code, because the use is permitted within Development Zone 1A of the Downtown Specific Plan pursuant to a CUP and the proposed use meets the required standards in the Land Use Code for a tobacco specialty business, as discussed in the staff report.
2. The proposed use is consistent with the General Plan and any applicable specific plan, because tobacco specialty businesses are permitted, subject to a CUP, by the Land Use Code, which is consistent with the General Plan. Commercial businesses are a permitted use in Development Zone 1A of the Downtown Specific Plan.

3. The design, location, size, and operating characteristics of the proposed activity would be compatible with the existing and future land uses in the vicinity, because no expansion of the building is proposed. The proposal involves an existing commercial space, which was previously analyzed for traffic impacts when it was constructed.
4. The site is physically suitable for the type, density, and intensity of use being proposed, including access, utilities, and the absence of physical constraints, because the site has sufficient access to streets and highways that are adequate in width and pavement type of traffic generated by the proposed use, since National City Boulevard is classified as an arterial street in the Circulation Element, and the use will be within an existing retail suite and thus is not expected to result in an appreciable increase in traffic.
5. Granting the permit would not constitute a nuisance or be injurious or detrimental to the public interest, health, safety, convenience, or welfare, or materially injurious to persons, property, or improvements in the vicinity and zone in which the property is located, because the proposed use will not have an adverse effect upon adjacent or abutting properties, since the proposed retail use is compatible with nearby businesses; and since the proposed use will be subject to conditions that limit the sale and display of tobacco products and/or electronic cigarettes to minors.
6. The proposed project has been reviewed in compliance with the California Environmental Quality Act (CEQA) and is not considered a project under CEQA, as no development is proposed. In addition, the proposed use is similar to other commercial uses in the area, which are permitted in Development Zone 1A.

BE IT FURTHER RESOLVED that the application for a Conditional Use Permit is approved subject to the following conditions:
