Performance Recognition Program

Date: August 23, 2022
Submitter: Deputy Fire Marshal Bob Drew
Employee: Inspector Eddie Sanchez
Approved: Battalion Chief R. Hernandez/Acting Fire Chief

Program Selection Committee,

I would like to nominate Eduardo "Eddie" Sanchez for the Employee of the Quarter.

Eddie is a Sweetwater High School graduate and started his career with the National City Fire Department as a Reserve Fire Inspector on April 2007 while working as a Hot Shot for the US Forrest Service. He was hired as a full-time limited term Fire Inspector on September 2011 and became a permanent employee on May 2013.

While completing his duties as a Fire Inspector, Eddie has shown great customer service skills working with the schools, businesses and citizens throughout our community. Eddie administers the Juvenile Fire Setter (JFS) Program and works with at risk youth from National City. National City Fire Dept. has had the only JFS program for a number of years in San Diego County and Eddie was successful in bringing the National Fire Academy JFS trainings to the San Diego area for other jurisdictions to take part in.

Eddie continues to work with the school districts to complete the annual fire inspections on a yearly basis and works with National City's large special "TUP" events. He has spent many hours on training other Reserve Fire Inspectors with our city, 3 of which have

been hired with other cities in the last few years. During the COVID-19 epidemic, Eddie was instrumental in the management of the Cares Task Force, while working to get the ever changing regulations out to our business community. Eddie has been quick to take an active leadership role with the new business license program HDL, providing day to day comments on the process and how to better serve our citizens. It is with great pride and pleasure that we congratulate Eddie on his active and never ending job to always want the best for our customers and citizens of National City.
