Circus management provides in-house security guards. Management carries radios and cell phones in case of a 911 emergency.

Circus Vargas is completely self-contained. The show has a two-generator system with an emergency battery backup. If the main generator shuts down, the backup generator will be turned on, but all emergency lighting will remain running via the battery backup system.

A source of water is usually provided to the circus by the venue on which the circus conducts business; if not, the circus will rent a water meter from the city.

Circus Vargas rents restrooms from local sanitation companies.

Circus Vargas crew will perform daily cleanups to keep the circus area clean of any trash.

Circus Vargas rents a dumpster for all trash produced by the circus activities.

Circus Vargas is a family show and attracts primarily families; in-house security is normally sufficient to provide appropriate crowd control. The security personnel use radios to communicate with each other and can use cell phones to contact local law enforcement if the need exists.

**Circus Vargas: Cleanup & Recycling Plan**

Circus Vargas does not hire or contract with outside vendors or temporary workers. All staffing will be with workers that travel with the show. The staff is trained on current proper sanitary and cleanup procedures. There is a staff of twenty-five people, and while some staff members are working throughout the day, all of them are present from one hour before the first show of the day until after the last show [as applicable] is over and cleanup is completed.

Since the nature of a circus limits the areas in which the public can access, the majority of the cleanup will be in a limited area. Plus, there are a very limited number of food items sold.

Staff continuously cleans up the entrance area throughout the time the show is open to the public, so trash does not remain on the ground. Trash is cleaned up inside the tent after each performance; and once each day, trash will be picked up in the parking area, which is expected to be minimal, since most people consume items early in the show and are unlikely to bring trash back to their cars.

A trash dumpster will be contracted for placement on the grounds. Several trash cans are available for public use in the circus entrance area. We will also have bins in which people can put recyclable items. However, due to the nature of our operation, most people buy their food products and take them immediately into the tent, where they sit down. They normally let their trash fall through the bleachers, where we clean it up after each show.

Since sodas and water are served in plastic bottles and cans, our staff will put those, along with appropriate paper products, into the recycle bins and transport them to an appropriate recycling facility or make arrangements with the dumpster company for their removal.

I hope that I have provided you with all the information needed to approve this plan. If you have any questions, please call me at 702-513-9767 and I will be happy to assist you.

**Circus Vargas Security Plan**

Since Circus Vargas is a family show and attracts primarily families, in-house security has been sufficient to provide appropriate crowd control. As the only thing to see is the show itself, there are no people just loitering in the area. Crowds come at show time, enter the enclosed midway area and take their seats. After the show, there is nothing else to see, so they exit to their cars.

Many of the things that attract or encourage trouble or the necessity for police intervention will not be present at Circus Vargas. Alcohol will not be sold or served, and there are no games of chance or mechanical rides. While a carnival attracts ages 12 to 22, Circus Vargas primarily attracts children of elementary school ages or younger, along with their parents and grandparents.

Circus Vargas has its own security team comprising eight uniformed (unarmed) security Personnel (includes one head of security). The uniforms consist of matching Circus Vargas shirts and pants. This low-key approach to security maintains the atmosphere of family fun.

All security personnel will be scheduled one hour before each performance and will stay thirty minutes after the performance. Security personnel will be stationed both inside and outside the tent as well as next to the ticket booth.

Security personnel have access to walkie-talkies for communications between themselves, in addition to cell phones that can be used to call additional personnel as well as local police or firefighters if it becomes necessary.

In addition to the security officers, a closed-circuit video security system monitors the inside of the ticket booth, where money is handled, as well as the midway area and the area in front of the ticket booth. This video system is attached to a recording device that can be used to keep a digital record of events.
